THE PERFECT COMBINATION OF QUALITY AND RELIABILITY.

A WELL ROUNDED SYSTEM - THE UTAX 1855 CAN BE USED FOR COPYING, PRINTING, AND (COLOUR) SCANNING AND SLIPS SEAMLESSLY INTO YOUR OFFICE ENVIRONMENT AND WORKFLOWS AS THE ESSENTIAL FEATURES COME AS STANDARD. THIS IS THE WAY TO TAKE CARE OF THE MOST IMPORTANT TASKS WITHOUT EXPENSIVE ADD-ONS OR EXTRA COSTS.

THE UTAX 1855 CAN BE INDIVIDUALLY ADAPTED TO MEET YOUR SPECIFIC REQUIREMENTS. SIMPLY SELECT THE OPTIONAL EXTRAS THAT ARE BEST SUITED TO YOUR REQUIREMENTS AND FIT YOUR TEAM THE BEST.

HIGHLIGHTS:

A generous standard: Copying, printing (A6R to A3) and (colour) scanning are the most important features integrated into the system. Short warm-up times of just 17.2 seconds, printing of the first page after just 5.7 seconds and a maximum speed of 18 A4 pages per minute speed up your workflows. You can scan your originals quickly at a rate of 22 A4 pages per minute in b/w and 14 pages per minute in colour*. Print your documents via the USB interface. Save yourself the added effort of having to sort your documents with the 'Scan Once – Copy Many' feature.

Cost efficient: Set up to ten management codes for different users. The duplex unit* saves paper and is environmentally friendly.

Effective paper handling: The original feeder* with auto reverse function and a capacity of 50 pages processes your double-sided originals automatically. Use up to three additional paper cassettes* to increase the paper capacity to as many as 1,300 pages from five paper feeds.

Secure document memory: Prepare up to 10 password-protected document boxes in order to cache print jobs and prevent documents being mixed up.

State-of-the-art printer driver: The system is equipped with a printer driver as standard, which contains a graphical user interface as well as many other useful features.
