

BLACK ON THE OUTSIDE – GREEN AT HEART.

Behind its cool, discreet exterior you will find an all-round system that is surprisingly quiet and environmentally friendly, too. The 356ci A4 colour multifunctional system is not only quiet; it is also fast, flexible and adaptable, as well as being a skilful multitasker. The system delivers top-quality print results with a resolution of 1,200 x 1,200 dpi in both colour and black/white. The 356ci allows those pressed for time to work on the go as well – simply select the document on your smartphone or tablet, send the print job, and you're done!

HIGHLIGHTS:

Smart: The 356ci makes typing and searches truly a thing of the past. Use the standard dual-scan original feeder with its capacity for up to 100 originals to quickly and easily archive your files. It can scan at speeds of up to 62 image pages/minute and provides the option to create text-searchable* files. This allows you to quickly and easily locate your documents by keyword search at any time or edit them in Microsoft Word, Excel or PowerPoint.

Adept: The 356ci features an integrated HyPAST™ interface that enables you to easily add practical apps and user-friendly software for Follow-Me Printing, archiving and more. This allows you to choose the features available with the 356ci that meet your personal needs and optimise your workflow now and in the future. The clear, intuitive touch display helps you maintain a constant overview over the many features the system offers.

Diligent: Are you looking to effectively protect your confidential information from unauthorised access? The 356ci is there to help you. The Data Security Kit* overwrites the data on your hard drive and securely deletes it in compliance with international security standards. You can keep track of your printing costs by installing the Card Authentication Kit* in combination with a card reader*. This allows you to set up individual user accounts and printing limits.

High-capacity: To ensure your every need is met, the 356ci offers a maximum paper capacity of 1,850 sheets, allowing you to keep various media in different paper formats from A6R to A4 with paper weights of 60 to 220 g/m² ready to go. This ensures you are well prepared for all tasks at all times. The system also features a manual stapler* that can handle up to 20 sheets at a time, allowing you to produce a finished document from a set of loose documents.
